BUDGET PLAN

Our ten (10) month budget plan runs from October 1st to July 31st and is for customers who like the convenience of spreading out the cost of their home heating oil bills. This plan works in conjunction with our automatic delivery program. It helps many people effectively plan their household budgets and avoid paying high lump sum payments upon each delivery.

Eligibility for Budget Plan

Only those customers whose accounts are in a current status are eligible for the budget plan. Once eligible, we will work with you to determine the number of gallons of fuel oil you will need for the upcoming season based on your history or past usage. This number is then multiplied by the projected cost of the fuel oil and divided by the number of months to be budgeted to determine the amount of your monthly payments. ***Your first payment shall be due upon the signed return of this contract.***

Exceptions

Should you choose to participate in the budget plan after the plan start date of September 1st you will be required to make your payments in the number of months remaining until the plan close date of July 31st.

DEBIT/CREDIT CARD WITHDRAWAL (Automatic withdrawal from Debit/Credit Card)

I hereby authorize Nala Industries, Inc. to deduct Budget Payments from my debit/credit card for my monthly budget payments. I agree that my account will be charged on or about the 30th of each month after the initial payment. This authority will remain in effect through my 2022-2023 Budget Contract.
